Helping community groups succeed with

Raise the Bar is a community-focused program that celebrates positive contribution and helps build stronger local connections.

We work by connecting clubs and community groups with local venues to kick-start fundraising, alongside a range of other supporting initiatives.

You may already know us through our Local Legends Program, our way of giving back to clubs and the wider community.

Raise the Bar Tasmania is how we bring that support to life. If you're part of a club or community group that would like to get involved, you can learn more on our website or get in touch with our team directly.

Every Local Legends member plays a part in supporting both Raise the Bar and the community we share.
